

- Holstein uses only premium quality materials to ensure durability and reliable service
- All Holstein Vehicle Speed Sensors are rigorously tested to meet or exceed the manufacturer's requirements for OE parts
- Sensor housing is made from high quality reinforced plastic, offering superior resistance to the elements.
- OE connectors and terminals made from premium material are used to ensure an accurate, water-tight connection to the engine wire harness

VEHICLE SPEED SENSORS

Vehicle Speed Sensors measure wheel speeds and provide this information to the vehicle's ECU (Electronic Control Unit). The ECU calculates ignition timing, transmission shift points and air/fuel ratios for the vehicle. Data from the Vehicle Speed Sensor is also used in cruise control systems to maintain a constant speed.

- Holstein focuses on using only the highest quality materials, manufactured to exacting standards for an aftermarket product that is truly built to match or exceed the OE part
- Holstein Wheel Speed sensor line has superior coverage for domestic and import applications
- 3 Year / 36,000 Mile Warranty on Holstein Parts ABS Sensors
