

ABOUT HOLSTEIN

ABS SENSORS

- Over 2,300 SKUs available covering 93% of the North American market
- Grommets and wire clips are included per Original Equipment specifications to ensure proper mounting and routing within the car chassis
- The sensor housing is made from high-quality reinforced plastic offering superior resistance to the elements
- Sealed anti-static protective packaging ensures that electrical components are not damaged during shipping

OVERVIEW

Anti-lock Braking ABS Systems allows the driver to maintain control of the car in an emergency braking situation. The ABS system relies on sensors to monitor the speed of the wheel and communicate with the ABS computer to ensure ideal performance. The data from the ABS sensor allows the computer to balance the speed of each wheel to prevent the brakes from locking up and avoiding dangerous skidding situations.

- Holstein Parts focuses on using only the highest quality materials, manufactured to exacting standards for an aftermarket product that is truly built to match or exceed the OE part
- Holstein Parts ABS sensor line has superior coverage for domestic and import applications
- 3 Year / 36,000 Mile Warranty on Holstein Parts ABS Sensors
